

Peter Qvistgaard

Clinical Lead Radiographer/RTT
Aarhus University Hospital
Denmark

ESTRO background

Member of the National Society for the past 5 years, representing the Danish Radiographers Association.

Experience

Over the past 24 years in Radiation Therapy, the last 15 as clinical lead radiographer at Aarhus University Hospital – Radiation Oncology, I have had a broad insight in emerging technologies and workflows.

This insight, as well as the interest in working with all contestants, makes me suitable as a candidate.

Over the years I have had numerous Positions of Trust:

2023- : Representative in Norlys Amba

2020-2022: Staff manager, local Churchcouncil

2017-2022: Head of Council, UCN Radiographers School.

2017-2022: Primary contact between Central Danish Region and UCN Radiographers School.

2014-2022: Chairman CensorCorps Radiographers in Denmark

2011-: NSR in ESTRO and Radiographers Association representative nationally.

2012-2024 Founder of and president for local Beer Brewers in our area

2006-2016: Member of Public School Board, Silkeborg Municipal

Part of counselling board for the Danish Ministry of Education via Danish Radiographers Association.

Lecturing at teaching courses, CT tech.

Long-time member and former head of Radiographers Censorcorps in Denmark

Education and Qualifications

BA Radiography
Danish RTT Education
Miscellaneous in RT and PET
Miscellaneous in government, Central Danish Region
2 Courses in public guvernement SDU

Personal

Married to Irene since 2000, we have 3 children.
Lasse 23, Sailor.
Isabelle 20, Horseback Rider and Nurse-student.
Andreas 16, Gamer and 9. grade student

We live in a discontinued farm from 1723, we breed show-jump horses as a hobby and keep our other animals there. The rest of the farm is used for a small self-service farm shop and a private micro-brewery.

I am dedicated both in work life and private affairs.

I love to cook, brew beer and work on renovating our old farm.

Always member of several local boards ie. Schoolboard, Church council or other local activities.

Hobby horse-breeder with my wife (show jump).

Final statement

Staff is our most valued asset – As clinical Lead I value their education and development dearly.

As chair I will do my best to promote education for RTT's from all Countries.
