

## RADIATION THERAPY STAFF VACANCIES

Southern Medical Clinic is a private hospital offering medical, surgical and oncology care to Trinidad and Tobago and the Eastern Caribbean. Trinidad & Tobago is the most southerly of the Caribbean island with easy access by air travel to North America. The Oncology Centre at Southern Medical Clinic provides cancer care services, considers patients care to be foremost and is known for friendly first class service in a relaxed working environment.

The radiation therapy department treats about 250 new patients a year, and uses a single Siemens Primus Linear Accelerator (Conformal, IMRT), CT-Simulation, HDR Brachytherapy (Nucletron Microselectron), and Nucletron's Oncentra Masterplan treatment planning. A second bunker is presently being constructed to allow expansion of our service.

The radiotherapy department has grown considerably and we are currently searching for highly trained, enthusiastic, professionals in the following areas:

- **SENIOR DOSIMETRIST / MEDICAL PHYSICIST**

Applicants should have had at least 5 years postgraduate experience in Radiotherapy, Medical Physics or Dosimetry, have the ability to supervise and guide junior staff, and should contribute towards future growth of the department in future years. Overseeing of, and developing treatment plans will comprise a large part of daily duties.

- **SENIOR RADIATION THERAPIST / RADIATION THERAPIST**

Applicants should have a good understanding of all areas of Radiotherapy, with a minimum of 5 years experience for the senior therapist role. Applicants with at least 2 years qualified experience but not meeting the requirements for the senior role would be employed as a radiation therapist. Experience in teaching therapist students is advantageous.

Contracts commence in autumn 2012, and are for 2-years with a view to extension. Benefits: Return airfare from London to Trinidad, Work Permit costs, Housing allowance, Vacation of 14 working days p.a., Employment Health Insurance. Remuneration will be commensurate with experience and qualifications.

If you have the desire to be a part of a small, dynamic, friendly team and you have leadership qualities, then our oncology department would like to hear from you.
