EFOMP Town Hall Meeting 2022

25 Nov 2022 12:00 PM CET, Online

Dear Medical Physicists Colleagues, National Member Organisations, Individual Associate and Company members,

Firstly, I hope you are doing well and fulfilling your vocation to apply medical physics for patient and staff benefits. EFOMP would like to invite you to hear about European Federation of Organisations for Medical Physics (EFOMP) activities in the last year: Successes, which you as volunteers have all contributed to, challenges and future directions. This is a chance for me to tell what we have been doing but also a chance for us to reach out and listen. We will also be asking for help to achieve our goals of Communication, Integration and Education in the European medical physics family.

I will be presenting a 45 minute overview of these activities with EFOMP officers as panellists on the GoTo Webinar® platform. Then we will have a discussion based on questions or topics that you can raise at the meeting or in advance by emailing secretary@efomp.org.

Please register for EFOMP Town Hall Meeting 2022 on Nov 25, 2022 12:00 PM CET at:
<https://attendee.gotowebinar.com/register/3703886764281269773>

After registering, you will receive a confirmation email containing information about joining the webinar.

Brought to you by GoTo Webinar® Webinars Made Easy®

Assoc. Prof. Paddy Gilligan,
Chief Physicist,
President EFOMP
