

COURSE PROGRAMME

Course Directors

Matthias Guckenberger (MG)
Dirk Verellen (DV)

Faculty

| | |
|--------------------------|-------------------------------|
| Coen Hurkmans (CH) | Piet Dirix (PD) |
| Karin Dieckmann (KD) | Sophie Perryck (SP) |
| Mischa S. Hoogeman (MSH) | Stephanie Tanadini-Lang (STL) |
| | Suresh Senan (SS) |

Module 1: General aspects of SBRT

Thursday 10 December 2020

| Time | Lecture | Speaker | Moderator |
|---------------|--|---------|-----------|
| 17:00 – 17:10 | Welcome and Introduction | MG | MG |
| 17:10 – 17:40 | What defines SBRT from a clinical and medical physics perspective? | MG & DV | CH |
| 17:40 – 17:50 | <i>Q&A and Discussion</i> | | |
| 17:50 – 18:20 | Dose and fractionation in SBRT and dose reporting based on ICRU 91 | CH | MG |
| 18:20 – 18:30 | <i>Q&A and Discussion</i> | | |
| 18:30 – 19:00 | Quality assurance and safety in SBRT | CH | MG |
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> | | |

Module 2: SBRT for stage I NSCLC – General lecture

Thursday 17 December 2020

| Time | Lecture | Speaker | Moderator |
|---------------|---|---------|-----------|
| 17:00 – 17:10 | Presentation of clinical case example | SS | MSH |
| 17:10 – 17:20 | <i>Q&A and Discussion</i> | | |
| 17:20 – 18:05 | Current evidence and developments for SBRT in stage I NSCLC | SS | MSH |
| 18:05 – 18:15 | <i>Q&A and Discussion</i> | | |
| 18:15 – 19:00 | IGRT for targets with breathing motion | MSH | SS |
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> | | |

Module 3: SBRT for primary prostate cancer – General lecture

Thursday 7 January 2021

| Time | Lecture | Speaker | Moderator |
|---------------|--|---------|-----------|
| 17:00 – 17:10 | Presentation of clinical case example | PD | CH |
| 17:10 – 17:20 | <i>Q&A and Discussion</i> | | |
| 17:20 – 18:05 | Current evidence for SBRT in primary treatment for prostate cancer | PD | CH |
| 18:05 – 18:15 | <i>Q&A and Discussion</i> | | |
| 18:15 – 19:00 | IGRT for targets w/o breathing motion | CH | PD |

COURSE PROGRAMME

| | |
|---------------|----------------------------|
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> |
|---------------|----------------------------|

Module 2: SBRT for stage I NSCLC – Practical session

Tuesday 12 January 2021

| Time | Lecture | Speaker | Mod. 1 | Mod. 2 |
|---------------|--|---------|--------|--------|
| 17:00 – 17:05 | <i>Summary of the general lecture</i> | | | |
| 17:05 – 17:20 | Presentation of benchmark case: contours and plan | SS | MSH | SP |
| 17:20 – 17:35 | Discussion of variation with participants: physics aspects | MSH | SP | SS |
| 17:35 – 17:45 | RTT perspective | SP | SS | MSH |
| 17:45 – 18:00 | <i>Q&A</i> | | | |

Module 4: SBRT for pancreatic cancer – General lecture

Thursday 14 January 2021

| Time | Lecture | Speaker | Mod. 1 | Mod. 2 |
|---------------|--|---------|--------|--------|
| 17:00 – 17:10 | Presentation of clinical case example | MG | STL | SP |
| 17:10 – 17:20 | <i>Q&A and Discussion</i> | | | |
| 17:20 – 18:05 | Current evidence for SBRT in pancreatic cancer | MG | STL | SP |
| 18:05 – 18:15 | <i>Q&A and Discussion</i> | | | |
| 18:15 – 19:00 | MRI-guided SBRT | STL | MG | SP |
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> | | | |

Module 3: SBRT for primary prostate cancer – Practical session

Tuesday 19 January 2021

| Time | Lecture | Speaker | Moderator |
|---------------|---|---------|-----------|
| 17:00 – 17:15 | <i>Summary of the general lecture and Q&A</i> | | |
| 17:15 – 17:25 | Presentation of benchmark case: delineation | CH | PD |
| 17:25 – 17:35 | Presentation of benchmark case: planning | CH | PD |
| 17:35 – 17:45 | Presentation of benchmark case: IGRT | CH | PD |
| 17:45 – 18:00 | <i>Q&A</i> | | |

Module 5: SBRT for oligometastatic NSCLC – General lecture

Thursday 21 January 2021

| Time | Lecture | Speaker | Moderator |
|---------------|---------------------------------------|---------|-----------|
| 17:00 – 17:10 | Presentation of clinical case example | MG | DV |
| 17:10 – 17:20 | <i>Q&A and Discussion</i> | | |

COURSE PROGRAMME

| | | | |
|---------------|---|----|----|
| 17:20 – 18:05 | Current evidence for SBRT or local Tx in general in OMD | MG | DV |
| 18:05 – 18:15 | <i>Q&A and Discussion</i> | | |
| 18:15 – 19:00 | SBRT treatment planning | DV | MG |
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> | | |

Module 4: SBRT for pancreatic cancer – Practical session

Tuesday 26 January 2021

| Time | Lecture | Speaker | Mod. 1 | Mod. 2 |
|---------------|--|---------|--------|--------|
| 17:00 – 17:15 | <i>Summary of the general lecture and Q&A</i> | | | |
| 17:15 – 17:30 | Interactive case presentation of using online MRI-guided adaptive SBRT | MG | STL | SP |
| 17:30 – 17:40 | Discussion of variation with participants | STL | MG | SP |
| 17:40 – 17:50 | RTT perspective | SP | MG | STL |
| 17:45 – 18:00 | <i>Q&A</i> | | | |

Module 6: SRS for brain metastases – General lecture

Thursday 28 January 2021

| Time | Lecture | Speaker | Moderator |
|---------------|--|---------|-----------|
| 17:00 – 17:10 | Presentation of clinical case example | KD | DV |
| 17:10 – 17:20 | <i>Q&A and Discussion</i> | | |
| 17:20 – 18:05 | Overview of SRS for treatment of brain metastases | KD | DV |
| 18:05 – 18:15 | <i>Q&A and Discussion</i> | | |
| 18:15 – 19:00 | Split-up sessions by profession – Clinical, Physics, RTT | DV | KD |
| 19:00 – 19:10 | <i>Q&A and Wrap-up</i> | | |

Module 5: SBRT for oligometastatic NSCLC – Practical session

Tuesday 2 February 2021

| Time | Lecture | Speaker | Moderator |
|---------------|--|---------|-----------|
| 17:00 – 17:15 | <i>Summary of the general lecture and Q&A</i> | | |
| 17:15 – 17:30 | Presentation of benchmark case: tumor-board presentation | MG | DV |
| 17:30 – 17:45 | Discussion of variation with participants | DV | MG |
| 17:45 – 18:00 | <i>Q&A</i> | | |

Module 6: SRS for brain metastases – Practical session

COURSE PROGRAMME

| Tuesday 9 February 2021 | | | |
|-------------------------|---|---------|-----------|
| Time | Lecture | Speaker | Moderator |
| 17:00 – 17:15 | <i>Summary of the general lecture and Q&A</i> | | |
| 17:15 – 17:30 | Presentation of benchmark case: contours and plan | DV | KD |
| 17:30 – 17:45 | Discussion of variation with participants | KD | DV |
| 17:45 – 18:00 | Q&A | | |
