

ESTRO

Radiotherapy
is a team effort

Become part
of the ESTRO Team

ESTRO gathers together more than 7000 radiotherapy professionals

to shape the radiation oncology of tomorrow

ESTRO corporate membership offers many opportunities to companies to engage with a continuously growing community of radiation oncology specialists across the globe.

It is our ambition to make that engagement evolve into a true partnership in which ESTRO is the bridge between our corporate partners and all the communities involved in radiation oncology.

Let your company become an ESTRO corporate member to:

- Receive brand visibility on ESTRO's media and communications
- Get direct access to the radiation oncology community
- Be the first one to book your exhibition space at ESTRO congresses (Gold corporate members only)
- Become an ESTRO advisory corporate council member to support the long-term objectives of the society (Gold corporate members only)

What opportunities do ESTRO corporate members have?

ESTRO congresses

Both in Europe and Asia, ESTRO congresses attract a growing number of health care professionals every year, in order to discuss the current state and future challenges of radiation oncology. As a corporate partner, you will have the opportunity to engage with this global community and truly connect with your target.

ESTRO workshops

ESTRO workshops allow radiotherapy specialists to discuss the most recent scientific developments per specific areas before these are published. They are extremely focussed and represent a perfect opportunity to have in-depth engagement with a specific audience on a specific topic.

ESTRO courses

Organised on a global scale, ESTRO courses are the core of our educational programme. Tens of thousands of health care professionals have attended these courses, gaining the knowledge required to take the next step in their professional careers.
