 - Where to publish it? Not clear yet. Waiting for feedbacks from the Green Journal Editor to publish it on a Prospective category
- Next meeting: May 6th in Vienna (14:00-18:00) —
 - Points for the agenda:
 - QA and commissioning
 - Kick off the Competence matrix tasks
 - Update from the SWOT analysis
 - Discussion on which tasks to be started next
- Varia
 - Competence tasks;
 - It will be challenging to reach a consensus at the European level.
 - It could be started as a thought exercise: “what will be the optimal workflow”, following the Dutch example.
 - RTT-driven task, as the adaptive workflow should be
 - Eva and Rita are working on training RTTs.
 - A Delphi consensus on responsibility of RTTs has been made
 - Possible to combine synergies?
 -
 - Education

- Adaptive Training: a 1.5 days workshop will be organized in spring 2026 as part of the EPTN education.
 - This is a first step to work on education on adaptive therapy
 - A curricula for adaptive treatment has to be defined
- @All: fill in the priority in the adaptive task
- Next meeting with all participants: May 6th in Vienna (14:30-18:00). Online meeting: date to be defined
