

ESTRO members working in countries with a less competitive economic background can obtain a reduced registration fee of €350 to participate in live teaching courses organised in Europe.

SELECTION CRITERIA

- Only ESTRO members for 2019 are eligible (on the right column is the list of eligible countries)
- Only one course per person per year can be granted
- We can only guarantee a certain number of reduced fees per course
- In case the number of applications exceeds the number of places available at reduced fees, priority will be given to:
 - Younger members
 - Members applying for a course held in their region
- Non-European members need to contact the ESTRO office to check eligibility.

Important note: candidates sponsored by a commercial company are not entitled to reduced fees: only candidates supported by their institute or national society are entitled to this subsidised fee.

HOW TO APPLY

In order to receive the reduced fees, several conditions apply:

- Candidates must be a 2019 ESTRO member
- Application deadlines are the same as early registration fees (3 months before the course date)
- One person can only benefit from reduced fees for one course per year
- Sponsored candidates are not entitled to reduced fees (address on the invoice is from the participant, his/her institute or the national society)
- Travel agents should contact education@estro.org

If the criteria are met, applicants should send an email to education@estro.org to register.

LIST OF ELIGIBLE COUNTRIES

- All specialties: Albania, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Estonia, Greece, Hungary, Latvia, Lithuania, Macedonia, Moldova, Montenegro, Poland, Portugal, Romania, Russian Federation, Serbia, Slovak Republic, Slovenia, Spain, Turkey, Ukraine
- RTTs and physicists only: Cyprus
- RTTs only: Italy.

LIST OF ELIGIBLE COURSES

Image Guided Radiotherapy in Clinical Practice	17-21 February	Porto, Portugal
Basic Clinical Radiobiology	3-7 March	Brussels, Belgium
Comprehensive and Practical Brachytherapy	3-7 March	Athens, Greece
Particle Therapy	18-22 March	Groningen, The Netherlands
Lower GI - Technical and Clinical Challenges for Radiation Oncologists	20-22 March	Amsterdam, The Netherlands
Upper GI - Technical and Clinical Challenges for Radiation Oncologists	23-26 March	Amsterdam, The Netherlands
ESTRO / ESMIT Course on Molecular Imaging and Radiation Oncology	6-9 May	Florence, Italy
Advanced Skills in Modern Radiotherapy	19-23 May	Brussels, Belgium
Multidisciplinary Management of Prostate Cancer	19-23 May	Pisa, Italy
Dose Modelling Verification for External Beam Radiotherapy	19-23 May	Lisbon, Portugal
Target Volume Determination - From Imaging to Margins	2-5 June	Athens, Greece
IMRT and Other Conformal Techniques in Practice	2-6 June	Budapest, Hungary
Brachytherapy for Prostate Cancer	13-15 June	Prague, Czech Republic
Evidence based Radiation Oncology	24-29 June	Montpellier, France
Clinical Practice and Implementation of Image-Guided Stereotactic Body Radiotherapy	1-5 September	Florence, Italy
Physics for Modern Radiotherapy (A joint course for clinicians and physicists)	8-12 September	Riga, Latvia
Advanced Treatment Planning	22-26 September	Budapest, Hungary
Imaging for Physicists	29 September - 3 October	Manchester, UK
Image-Guided Radiotherapy and Chemotherapy in Gynaecological Cancer: Focus on MRI Based Adaptive Brachytherapy	12-16 October	Cluj, Romania
Comprehensive Quality Management in Radiotherapy - Quality Assessment and Improvement	13-16 October	Dublin, Ireland
Multidisciplinary Management of Breast Cancer	27-30 October	Budapest, Hungary
Multidisciplinary Management of Non-Melanoma Skin Cancer	7-9 November	Brussels, Belgium
Palliative Care and Radiotherapy	26-28 November	Brussels, Belgium
Paediatrics Radiotherapy	1-3 December	Utrecht, The Netherlands
Multidisciplinary Management of Brain Tumours	1-3 December	Brussels, Belgium
