

Principal Physicist (Radiation Oncology) Wellington Regional Hospital, New Zealand

We have a great opportunity for a principal medical physicist to join us at Wellington Regional Hospital, the specialist referral & teaching hospital serving the capital city and regions. This is a leadership role with responsibility for one or more speciality areas of medical physics practice. We welcome international applications and offer a relocation package.

The radiation oncology service is part of an integrated cancer centre. We operate Varian systems including 3 Truebeam linacs, Bravos HDR brachytherapy and Aria/Eclipse software plus a Siemens CT scanner and Xstrahl superficial x-ray system. A full range of contemporary external beam radiation treatments are offered, as well as image guided HDR brachytherapy for gynaecological, prostate and skin cancers.

Our friendly physics team of 13 people is focused on excellence in clinical care, and we aim to publish and present our work where possible. We are also an ACPSEM accredited training centre with a good reputation for training medical physicists. Further information about our service is linked from the advert on the CCDHB recruitment website.

We are seeking a physicist with substantial experience and demonstrated leadership capability. ACPSEM registration or an international equivalent is essential. A PhD degree, experience in an academic centre and some publications are preferred. Specific areas of responsibility will be negotiated to suit the successful candidate's experience and interests.

Salary and conditions are set according to a national [Multi-Employer Collective Agreement](#) (MECA).

ABOUT OUR ORGANISATION

Capital and Coast DHB (CCDHB) is located centrally in Wellington and has over 5,100 full-time equivalent staff, making us one of the major employers in the Wellington region. CCDHB operates two hospitals – Wellington Regional Hospital in Newtown and Kenepuru Hospital in Porirua – as well as the Kapiti Health Centre at Paraparaumu.

Here at CCDHB we embrace diversity and welcome applications from people of all gender identities, ages, ethnicities, sexual orientations, disability and religions. A workforce that is diverse and inclusive means that we are better positioned to understand and serve our community.

CCDHB is a pro-equity Health Organisation, with a particular focus on Māori and Pacific Peoples.

Wellington is New Zealand's capital, home to the government and known as a cultural centre with its national museums, galleries and theatres. It boasts vibrant cafés and restaurants, international sporting and cultural events, and a beautiful harbour. The city is surrounded by a green belt with extensive walking and biking trails and is a great place to live and work. Wellington is also perfectly located to access other areas of New Zealand and the outdoor activities that they offer. More information at <https://www.wellingtonnz.com/life-in-wellington/>

HOW TO APPLY

Applications will not be accepted via email. All candidates must complete an online CCDHB application form at <https://capitalhealth.careercentre.net.nz/Job/Principal-Medical-Physicist-Kaiahupungao-Hauora-Matamua-Radiation-Oncology-/Wellington-Hospital/17106>

For further information on this role, please contact: Lynne Greig, Chief Medical Physicist, +64 4 8062017, lynne.greig@ccdhb.org.nz or Phil Adamson, Recruitment Advisor, + 64 4 806 2548, philip.adamson@ccdhb.org.nz.

Applications close on Sunday 20 December 2020.
