TABLE OF CONTENTS

Introduction to the electronic book version

PART I: THE BASICS OF BRACHYTHERAPY

Chapter 1: General aspects (EVL, RP, PH, NN (physicist))
Chapter 2: Brachytherapy Physics and Dosimetry - 2nd edition 2014
Chapter 3: Radiation Protection - 2nd edition 2014
Chapter 4: Brachytherapy Equipment and Quality Assurance - 2nd edition 2014
Chapter 5: Radiobiology of LDR, HDR, PDR and VLDR Brachytherapy - 2nd edition 2015
Chapter 6: Modern Imaging in Brachytherapy
Chapter 7: Principles of brachytherapy planning systems
Chapter 8: Treatment Planning and evaluation
Chapter 9: Reporting in Brachytherapy

PART II CLINICAL PRACTICE

Chapter 10: Head and Neck: General aspects - 2nd edition 2019
Chapter 11: Head and Neck: Lip and buccal mucosa - 2nd edition 2019
Chapter 12: Head and Neck: Oral tongue and floor of mouth
Chapter 13: Head and Neck: Oropharynx
Chapter 14: Head and Neck: Nasopharynx - 2nd edition 2019
Chapter 15: Interstitial brachytherapy in gynaecological cancer
Chapter 16: Cervix cancer
Chapter 17: Endometrial cancer - 2nd edition 2016
Chapter 18: Vaginal cancer: primary and recurrent
Chapter 19: Breast cancer
Chapter 20: Prostate cancer - 2nd edition 2014
Chapter 22: Penis cancer
Chapter 23: Urethral cancer
Chapter 24: Rectal cancer - 2nd edition 2014
Chapter 25: Oesophageal cancer - 2nd edition 2019
Chapter 26: Bile duct cancer - 2nd edition 2017
Chapter 27: Bronchus cancer - 2nd edition 2017
Chapter 28: Soft tissue sarcoma
Chapter 29: Skin cancer - 2nd edition 2017
Chapter 30: Brain tumours
Chapter 31: Uveal melanoma
Chapter 32: Paediatric malignancies
Chapter 33: Endovascular brachytherapy
Chapter 34: Keloids
Chapter 35: Pterygium
Chapter 36: Rendu-Osler Weber Disease
Chapter 37: Brachytherapy in previously irradiated areas
Chapter 38: Uncommon indications for brachytherapy e.g. brain, retinoblastoma, endovascular, (paed. ant. eye chamber disease)

APPENDIX: Classification of malignant tumours (UICC TNM) 679
