### *The yESTRO Committee*

\* The criteria for a young member are younger than 40 years or within 10 years of finishing a PhD or training. Exceptions can be granted based on e.g. career breaks. Since the term of a membership is 3 years and can be renewed once, the criteria for the vacancies of 35 years and 5 years from finishing training, more or less ensure that yESTRO Committee members can be considered 'young' during their terms.
